**Docket No. 2011-271-E**

Dear Ms. Boyd:

Enclosed please find a letter and an internet public contact received from interested consumers by the South Carolina Office of Regulatory Staff ("ORS") in the above referenced matter. A review of the protest letters on the Public Service Commission of South Carolina's website for this docket shows no filing from these two interested consumers. By this letter, ORS is providing them so that they may be added to the consumer comments posted on the Commission's website.

Respectfully submitted,

**Issue/Results Sought**

Issue How much does Duke Energy pay SC to dump it's waste in our state?  
Have the administrative expenses, bonuses, and policies

been audited at Duke Power?

Where can I get a copy of the latest audit reports and reviews? Is Duke Power audited on a performance basis as well as financial regulations?

This latest increase will result in almost a 30% increase over a few years. Who in SC do I contact to voice a complaint and obtain information as to the operations of Duke Energy and a review of them by SC officials.

**Results Sought**

I want to know how far SC has gone in reviewing internal spending at Duke Energy? I have heard of bonuses, retirement packages and other benefits which are out of line in an economy with high unemployment. It seems that working for Duke Energy is the promised land.

Why are they allowed to get away with this excessive internal spending and then charge the people of SC more for energy, especially when they are destroying the state with their waste?
